

Ea5yPwn

One of your tr0ll coworker sent you a binary which is supposed to judge your peepee size, he also gave you the source code of the binary. He assure you you're always gonna be a sm4ll p33p33, prove him you're sm0rter yung Buff3rB0y !

Here is the source code:

```
#include <stdio.h>

void sm0rt_p33p33()
{
    char flag[] = "SBB{f4ke_fl4g_n00b}";
    printf("You sm0rt p33p33, here is your flag: %s\n",flag);
}

void sm4ll_p33p33()
{
    char buffer[20];
    printf("Enter p33p33 size:\n");
    scanf("%s",buffer);
    printf("You sm4ll p33p33 here is your seum: %s\n", buffer);
}

int main()
{
    sm4ll_p33p33();
    return 0;
}
```

You can download the binary here : [peepee_size.x \(github.com\)](#)
